The internal accommodation comprises: Double doors open into a spacious central reception hallway with herringbone style flooring running through most of the property, creating a strong sense of continuity and providing access to all principal rooms. The living room is positioned to the rear, the kitchen/dining room accessed directly from the hall, and bedroom accommodation arranged to either side.

The living room overlooks the rear garden and is a standout space, generously proportioned and filled with natural light from three sets of French doors that frame the views across the rear gardens and provide direct access to the courtyard and garden, providing excellent indoor and outdoor living. A contemporary, French style, sandstone fireplace sits centrally, adding definition while maintaining a clean, modern feel.

The hallway then leads through to the open plan kitchen/dining room, which is equally impressive in scale and finish, centred around a substantial island and fitted with a range of fitted shaker wall and base in frame units, offering extensive storage and preparation space. There is ample room for dining, making it a highly functional and social area, with French doors opening onto the garden and enhancing natural light. A separate utility room continues the same level of finish with additional units and work surfaces and incorporates a convenient WC.

The master bedroom provides a well-proportioned double, featuring a walk-in wardrobe with carpet flooring and additional fitted storage, leading through to a spacious en-suite bathroom comprising a freestanding bath, open shower area, WC and basin, finished with grey tiling. A further double bedroom is positioned to the front with fitted storage and its own en-suite shower room with contemporary finishes. Bedroom three is also set to the rear, and provides a generous double, featuring an impressive vaulted ceiling, en-suite bathroom fitted with a bath, WC and basin, finished with co-ordinating tiling.

Externally, the property sits within a generous plot with a wraparound garden, offering a large lawned area and a patio seating space positioned to take advantage of direct access from both the living room and kitchen/dining room. To the front, a substantial driveway with a gated entrance provides ample off-road parking, complemented by a spacious gravelled area.

Immaculately presented throughout, early viewings are deemed essential.
