The accommodation comprises an entrance hallway, open-plan living dining kitchen (the kitchen being bespoke), two bedrooms (the larger with a dressing room/utility) and a stylish shower room. The property has a gas-fired central heating system with a condensing boiler and Smart thermostat, and majority uPVC double-glazing. Externally, there is side-by-side parking, a mature garden with trellis archways, a lawn and a gravelled area for tubs, pots and planters, etc. At the rear, there is a large flagged patio, which can also be accessed from the French doors in the living dining kitchen. Entrance

A timber and glazed stable style door gives access into the open-plan living dining kitchen.

Living Dining Kitchen

This room has been upgraded and redesigned in more recent times and is particularly light and bright. The front elevation enjoys a southerly aspect, maximising natural lighting, and French doors lead out into the rear garden. It is presented to a very high standard with a bespoke kitchen area made to our client's design requirements. Of particular note are the fabulous worktops with matching upstands from Bettaglia of Huddersfield. There is a large rectangular stainless steel sink with a mixer tap, plumbing for a dishwasher, space for a freestanding oven and a fridge freezer. Above the cooker space, there is a splashback and a canopy style filter hood. The engineered oak flooring continues throughout the kitchen and living/dining areas. The living/dining space can comfortably accommodate a good amount of furniture and the use of furniture creates the defined areas, giving buyers the option to have the living space overlooking the front garden or by the French doors leading to the rear garden. The centrepiece of this room is a flagged hearth, home to a

multifuel stove. There are various wall light points, radiators and a large double-glazed window overlooking the front garden, maximising natural lighting. A timber and glazed door leads into the hallway.

Hallway

This has a continuation of the engineered oak flooring and a stable style door into the living/dining kitchen serves as an everyday entrance, however, the formal hallway has a large timber entrance door with a robust matting style covering. Off the hallway, access can be gained to bedroom one.

Bedroom One

This large double bedroom has engineered oak flooring, plenty of space for furniture, a double-glazed window to the side elevation and a radiator. This room has the advantage of its own dressing room/walk-in wardrobe.
