THE PROPERTY

A well proportioned 1930s semi-detached house combining period character with a series of recent improvements. The accommodation comprises three bedrooms and two reception rooms, providing comfortable space for a family, with scope to extend in the future subject to the necessary consents. Original features include panelled doors, fitted joinery, fireplaces and generous ceiling heights, and the current owners have redecorated the house since their purchase.

The heating has been upgraded with modern column style electric radiators, controlled through a mobile app so that individual rooms can be scheduled and adjusted remotely. This works alongside double glazing, mostly installed in 2014, and roof mounted solar panels benefitting from a feed-in tariff, making for an efficient and practical home to run. The attic is spacious and we understand has potential to convert into accommodation, subject to the necessary consents.

To the rear, the garden extends to a considerable depth, finishing with the pond, and enjoys open views over the surrounding countryside. A new timber fence has been erected along the side boundary, securing the garden for pets, and the space lends itself equally to families, keen gardeners and outdoor entertaining. The detached garage and timber shed offers useful additional storage.

LOCATION

Comfort Road is one of the village's most sought after non-estate locations, a few minutes' walk from the centre of Mylor Bridge, with properties on the lower side enjoying countryside views. A relatively level three minute walk leads to the creekside and village amenities, which include The Lemon Arms public house, a village shop, butchers, fishmongers, newsagents, dentists, hairdressers, a primary school, village hall, playing fields and tennis courts.
