Contemporary New-Build Villa in La Mola – Architecture, Light and Timeless Elegance

A newly built property conceived to blend naturally into the unique landscape of La Mola, respecting the traditional architectural codes of Formentera while reinterpreting them through a contemporary, sober and timeless aesthetic.

This is a residence where construction quality, natural light and spatial proportion define its true distinction.

INTERIORS

- 5 bedrooms, all with en-suite bathrooms
- Expansive central living area integrating dining room, main lounge, secondary sitting room and fireplace
- Open-plan kitchen connected to the principal living space
- 3-metre ceiling heights enhancing brightness and volume
- Master suite with en-suite bathroom, walk-in wardrobe and an additional generous bathroom illuminated by natural light through an English patio
- Fluid, rational and highly functional internal layouts

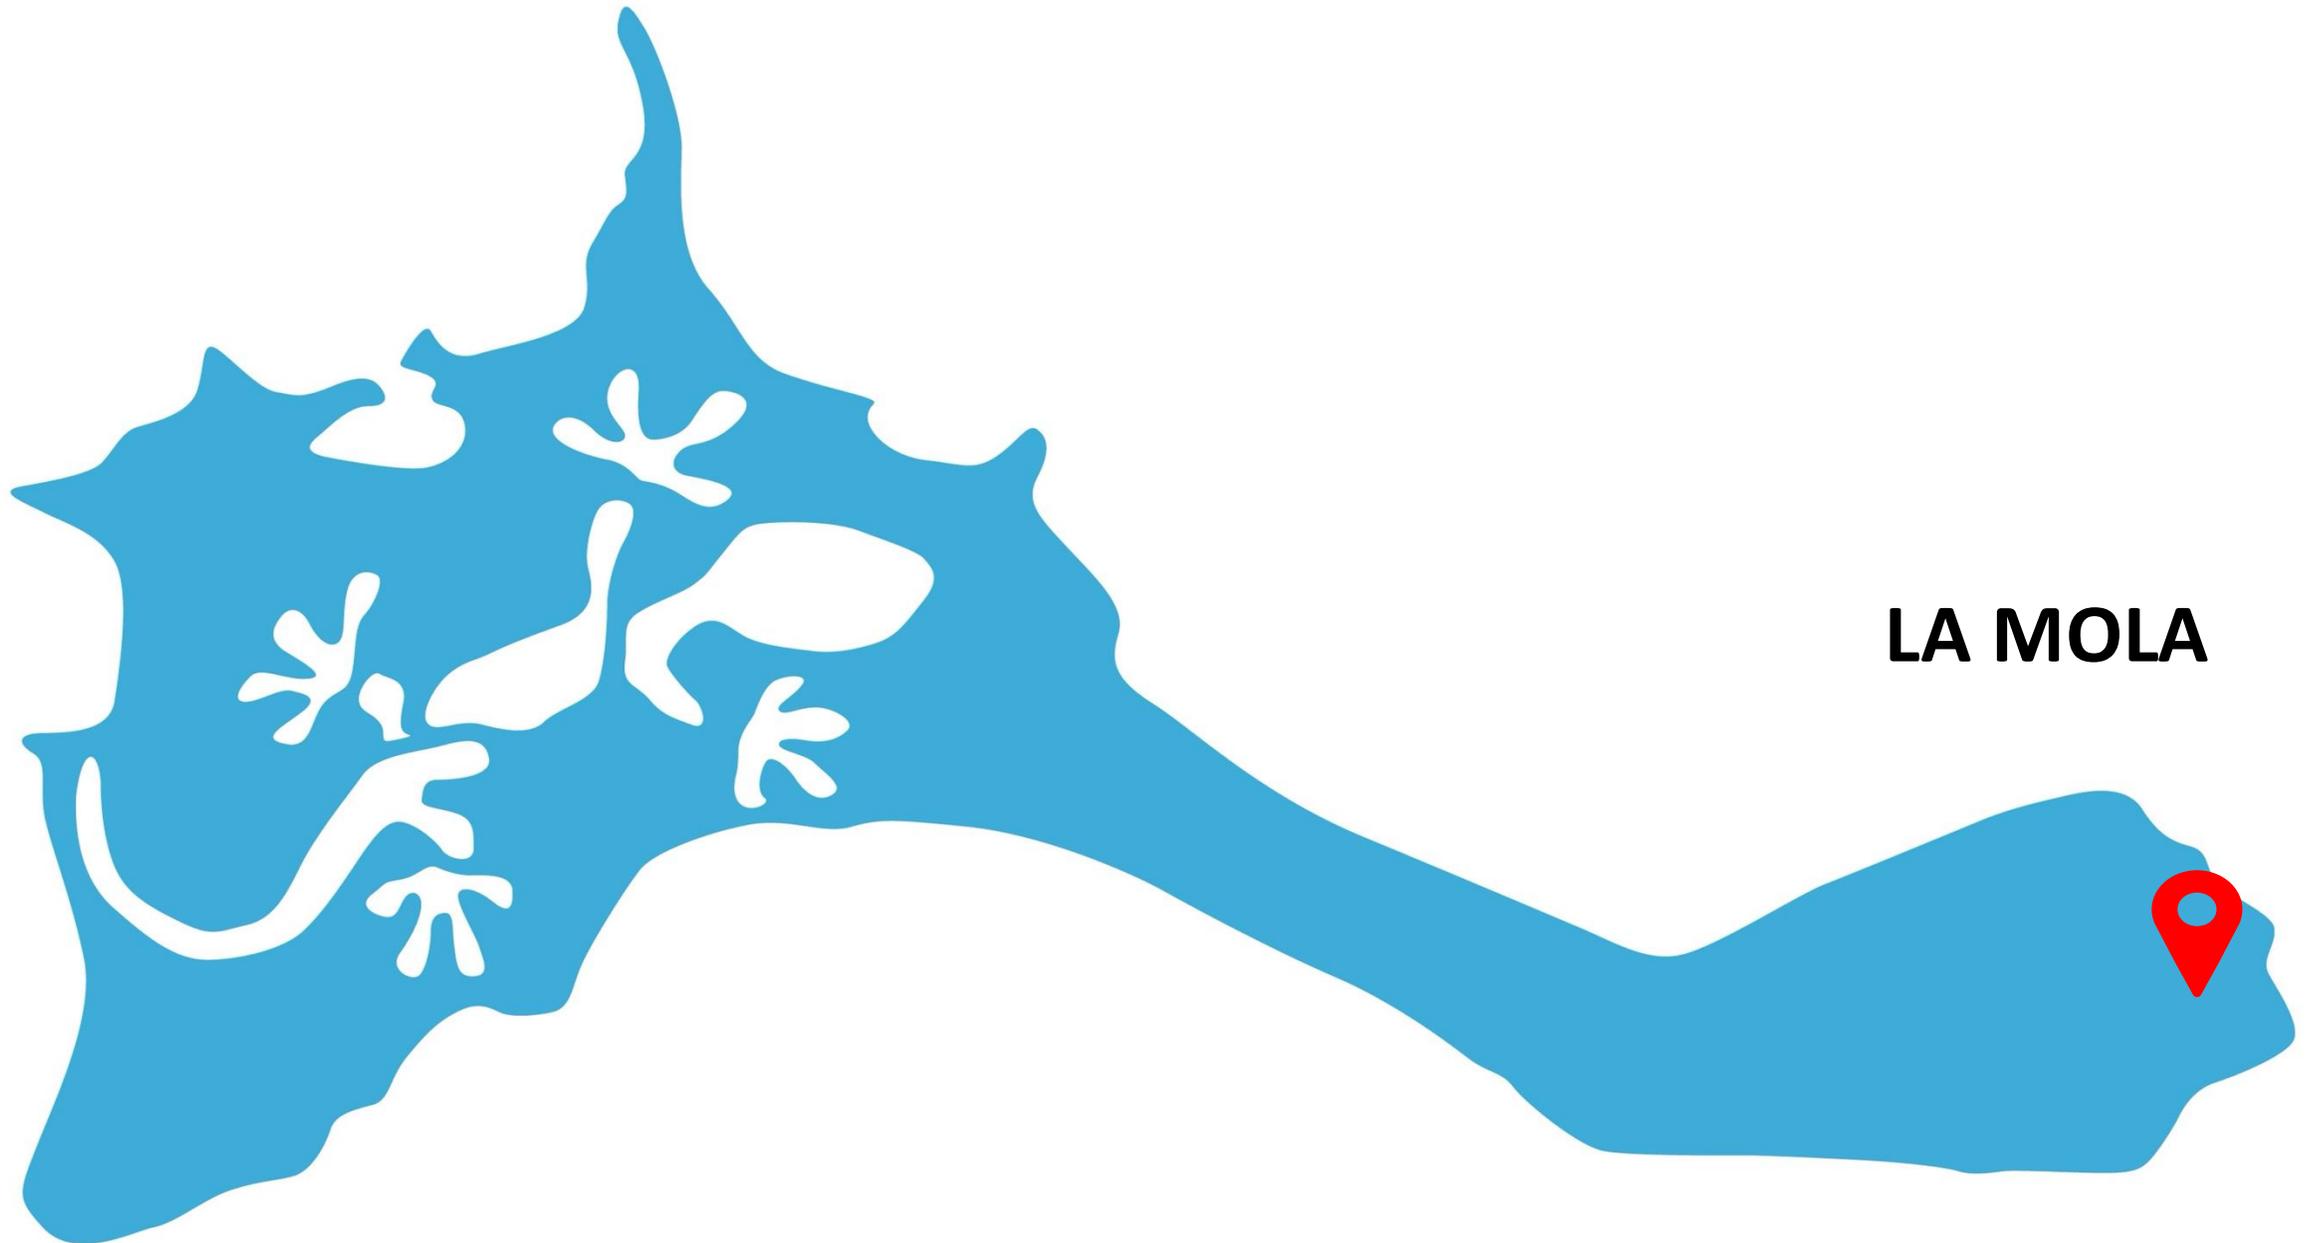

EXTERIORS

- 42 m² elongated infinity mirror pool with a refined, elegant design
- Outdoor areas seamlessly integrated with the architecture
