An extended four-bedroom family home situated in the charming and well-positioned village of Hawkesbury Upton, featuring off-street parking and a landscaped rear garden.

This fantastic property has been a much-loved home for many years and is now ready for another family to call their own. The property has been extensively extended to one side in more recent years with annex potential in mind and now offers well-appointed and versatile accommodation set across two floors, reaching approximately 1,263sq. ft.

Entering via the front door, you step into a porch with space thoughtfully utilised for coat and shoe storage. Directly ahead are stairs to the first floor, and to the left is a door leading into the open-plan living area. The kitchen is well equipped with a generous range of wall and base units and a full suite of integrated appliances, including a double electric oven, an electric hob with extractor hood above and a dishwasher. The sitting area is positioned at the front of the room and features a chimney breast with an electric feature fireplace. Beyond the kitchen is an inner lobby with a selection of fitted larder-style cupboards and a built-in store housing the hot water cylinder. At the end of the lobby, a door opens into a further reception room, ideal as a study, playroom, or second snug. Completing the ground floor is a utility room with additional fitted units and space/plumbing for a washing machine and tumble dryer. Adjacent to the utility room is a cloakroom with W.C. An external door from the utility room provides further access to the garden.

Upstairs, the landing provides access to all four bedrooms, the family shower room, and a hatch to one half of the attic space. The master bedroom, located in the newer portion of the house, includes an en-suite shower room and a second loft hatch to additional attic space. The remaining three bedrooms are all well-proportioned, with one benefiting from fitted wardrobes. The family shower room has been recently updated with a modern suite and contemporary tiling throughout. A walk-in shower occupies one side of the room with a decorative glazed screen, while the wash basin and W.C. are set within a useful vanity unit.
