THE DETAIL

The Detail

The property is approached via a driveway providing parking for at least two vehicles, with access to the integral single garage. On entering, the hallway provides a practical first impression, with stairs rising to the first floor, access to the principal reception rooms and a downstairs WC. A modern alarm system has also been fitted, providing an additional useful feature.

The lounge is a well-proportioned reception room positioned at the front of the property, with a bay window incorporating secondary glazed panels fitted internally. A gas fire with brick surround and tiled hearth creates a focal point, while an archway leads through into the dining room, creating a natural connection between the two reception spaces.

The dining room provides access into the fully glazed lean-to, which features an aluminium structure and sliding doors opening directly onto the rear garden. The kitchen offers space for a freestanding cooker and under-counter fridge, together with existing cupboard storage and a particularly useful large under-stairs storage cupboard. A door leads through to the substantial utility room, which has space for a breakfast table, an additional sink, further under-counter storage and space for appliances. The utility room also provides direct access to the integral garage.

Upstairs, the landing gives access to the loft and a useful storage cupboard which previously housed the water tank. A full new combi boiler has been installed. The principal bedroom benefits from mirrored sliding wardrobes, while bedroom two is another comfortable double with carpet and a leaded window. Bedroom three is a single room, suitable for a child's bedroom, home office or occasional guest space. The shower room includes a large mains-powered shower enclosure, wash basin and WC.

Outside, the rear garden offers a combination of patio, lawn and established borders containing a variety of trees and plants. Gated side access connects the rear garden with the front of the property, adding practicality. Situated in the popular suburb of Mickleover, the property is ideally placed for a wide range of local amenities and everyday conveniences. Mickleover offers a selection of shops, supermarkets, cafés, restaurants, public houses, schools and leisure facilities, while there are also a number of parks and open spaces nearby for outdoor recreation. The area is well connected, with convenient access into Derby city centre and excellent road links towards the A38 and A50, making it well positioned for commuting to surrounding towns and cities. With its established residential setting and excellent range of amenities close at hand, Mickleover is a popular choice for families, professionals and those looking for a well-connected place to call home.
