DESCRIPTION / BACKGROUND

Whitewall House and Stables comprise a substantial fine period house (Grade II Listed) and compact historic former racing yard. As currently configured, the property is composed of a substantial 8-bedroom period house/annex with original features and up to 25 loose boxes, stores, office, and equine associated ancillary buildings including; blacksmith's forge, yard office, tack and best tack rooms and a compact outdoor arena, situated in 0.8 acres. The property now has the benefit of LBC/Unrestricted FRPC for the conversion of the house and stable buildings to form 10 unique historic residential dwellings with private parking and garden amenity. The original and larger scale Whitewall Stables were established by John Scott, the "Wizard of the North" who dominated racing during the 19th Century and held the record for Classic winners from Whitewall until some 20 years ago. Whitewall Stables was divided into its current configuration over 40 years ago by the late Frank Carr.

Until recently, Whitewall House and Stables were a licensed racing premises, and for over 200 years was well known nationally throughout the racing community and local area for their racing heritage and individuality; parts of Whitewall House date back to the 1600s and the main house and oldest stables were originally established as a coaching house and these stables retain their original classical configuration.

The property now has the benefit of Listed Building Consent under Ref No: ZE25/00726/LBC and Unrestricted Full Residential Planning Consent in place under Ref No: ZE25/00725/FUL, both subject to conditions, for re-development of the site to form up to 10 unique and historic dwellings, by conversion of the house into two units and a further 8 units as residential barn conversions.

LOCATION

Whitewall House and Stables is situated in a quite rural position in open countryside, accessed off a public highway before leading onto a private driveway. The property rises up Whitewall Hill, an attractive elevated position on the southern rural edge of Norton, Malton, at the edge of the Yorkshire Wolds, with views to the North York Moors and is ideally placed for those seeking proximity to both and popular destinations such as Castle Howard (8 miles) and the wealth of beautiful countryside across the area, as well as the wide range of amenities presented by Malton, Pickering and York. The property is close to Malton and the wide variety of bridleways, so is ideal for those seeking a base for equine pursuits as well as being a popular area for cycling enthusiasts.

Malton is a thriving market town situate between the historic City of York (18 miles) and Scarborough (25 miles) near the A64 giving fast road links to Leeds and the M1/A1/M62 motorway networks. There are a wide range of services and amenities including restaurants, shops and highly rated state and independent schools available in Malton and the City of York and across the county. Malton railway station (1 mile) provides links to York's East Coast mainline station, which has regular direct lines to London and Edinburgh in under 2 hours, and Leeds and Manchester in under 1 hour.

The Malton/Norton area is well renowned as a leading centre for the breeding, training and racing of thoroughbred racehorses with centralised training facilities available nearby including the Langton Wold gallops which are available on a day use basis, and the Highfield gallops situated close to the property; the gallops provide a variety of all-weather and turf gallops and schooling grounds.

WHITEWALL HOUSE

Whitewall House, the principal residential accommodation at the property, is an imposing Georgian period house constructed of rendered brick under a slate roof and is Grade II Listed.

The house was originally a coaching house, and the principal rooms have been sensitively renovated in the last 25 years. The house will benefit from modernisation and updating to parts, and the LBC/Unrestricted FRPC offers the potential to develop this well-proportioned and light-filled house with an array of original features such as original 12-pane pitch pine sash windows; original fireplaces in every bedroom and elegant fireplaces in the principal reception rooms; and original cornicing and floorboards in many of the principle rooms. The Consents permit installation of a magnificent kitchen breakfast room in the 23 ft south-facing room which runs the width of the house alongside the terrace, and which has been rewired for this purpose.

This characterful and unique house has the beautiful and classically proportioned formal rooms across the 3 floors at the front of the property. The LBC/Unrestricted FRPC permits the current 8-bedroom/2- bathroom ratio to be reconfigured to 6 bedroom/4 bathrooms within the main house without carving up the balanced proportions of any of the bedrooms, to create a substantial and well-proportioned family home. The south-facing original York stone terrace provides sheltered and private additional summer relaxation and entertaining opportunities, between the house and the turfed garden.

Overall, the house provides more than 6,300 sq ft of accommodation arranged over 3 floors plus 2 cellars, including 8 bedrooms/indoor offices and large, flexible formal reception rooms, with a c. 500-year-old service wing/annex to the rear of the property, integrally linked to the main house. The annex, which requires considerable renovation, is also packed with original features such as pitch pine windows and shutters in the principal room, tiled floor, original encased staircases, an inglenook fireplace and original sink in the scullery. A historic bakehouse is accessed from the southern garden terrace.

The ground floor of Whitewall House has a generously proportioned formal drawing room, dining room and reception hall, with a wealth of period features, including original fireplaces, large sash windows and elegant ceiling cornicing. To the rear south-facing aspect there is a light filled 23ft kitchen/breakfast room with substantial double sash windows either side of the fireplace, and there are a utility/storeroom and lavatory. 2 cellars provide further space for home storage and appliances and are ideal for wine storage. The LBC/Unrestricted FRPC permit rearrangement of the utility/downstairs lavatory/cloakroom facilities around the kitchen/breakfast room.

In all there are up to 8 bedrooms arranged across the 1st and 2nd floors, which have spacious landings, and including what are currently used as a 1st floor office and laundry room with the hot water tank enclosed in an original pitch pine airing cupboard across one wall. Both the 1st and 2nd floors have family bathrooms and additional lavatories. The LBC/Unrestricted FRPC permit conversion of a bedroom to bathroom on each of the 1st and 2nd floor to reflect modern family living expectations. A 2nd staircase, accessed from the kitchen, leads to the west end of the 1st and 2nd floors and a further staircase joins the east end of the 1st and 2nd floors.

BUILDINGS & PLANNING CONSENT

To the immediate southwest of the house is a range of a substantial range of stables/outbuildings and original coach house stables, which are a mixture of single and 2 storey buildings.

The ground floors comprise stable accommodation and the upper floors are utilised as hayloft and feed stores. Overall, there is around 10,000 sq ft of floorspace currently providing 25 boxes over 10 buildings, which include a tack room, washroom, stables office, a former blacksmith's workshop, many full of original features, and yard lavatory. To the southeast, an enclosed compact outdoor arena lies situated in walled grounds.

The property now has the benefit of Listed Building Consent under Ref No: ZE25/00726/LBC (Status: Approval 16/12/2025) and Unrestricted Full Residential Planning Consent in place under Ref No: ZE25/00725/FUL (Status: Approval 16/12/2025), both subject to conditions, for re-development of the site to form up to 10 unique and historic dwellings, by conversion of the house into 2 units and a further 8 units as residential barn conversions. Both the whole site and House/Annex/Holiday Cottage unit of Lot 1 and the individual Cottages and Apartments within Lot 2 present excellent income earning opportunities and lend themselves ideally to purchasers wishing to purchase a combination of residential and income-earning holiday accommodation.

The approved plans permit Whitewall House to be separated as a dwelling from the Annex to create 2 separate residential units of 6 and 2 bedrooms respectively. The approved plans show that the buildings within the "Stables" area of the property can be developed to provide a detached 3-bedroom barn/cottage conversion, four 2-bedroom barn/cottage conversions, 2 ground floor 2-bedroom apartments and 2 x 1st floor 2-bedroom apartments. Each residential unit will be unique, with original heritage characteristics reflecting the rich equine history of Whitewall Stables. The Apartment units will share a common outdoor amenity within the enclosed development area, while Whitewall House, Annex and the Cottage residential barn conversions will each have private grassed amenity and direct access to the private parking area which will be created in the area occupied by the compact outdoor arena to the east of the stable buildings.

Overall, the approximate size and layout would be as follows:
