General Remarks

A spacious and highly appointed four bedroom detached property situated in a private position on the fringes of the village of Cockshutt. The property was built to the current owner's design and specifications, utilising a traditional look externally which blends sympathetically with the surrounding properties and village scene. Internally, the layout is well planned and includes generous accommodation throughout which links with the gardens.

The property is warmed by oil fired central heating with underfloor heating to the ground floor and radiators on the first floor. There is a good sized single garage and large block paved driveway which provides both ample parking and a private outdoor entertaining area. Internal inspection is essential in order to fully appreciate this notable addition to the sales market. No upward chain.
