Denmark Street | Diss | IP22
4LE
Offers In The Region Of
£130,000

Residential building plot with full planning permission for a detached four-bedroom house in a well-established area of Diss. The approved design offers around 1,883 sq ft of internal space, parking, and a private garden. Some works have already been carried out, securing the planning permission as live. Accessed via a private driveway, this is an excellent opportunity to create a bespoke family home.

- Residential building plot in a sought-after area of Diss
- Full planning permission granted (ref: 2020/2463)
- Initial works completed – permission remains active
- Detached four-bedroom design (approx. 1,883 sq ft / 175 sqm)
- CIL charge payable by purchaser (£12,294)
- Private garden and off-road parking

Location

An excellent opportunity to acquire a residential building plot with full planning permission in an established and well-regarded area of Diss. The plot sits in a tucked-away position off Denmark Street and provides the chance to build a detached four-bedroom home with parking and gardens.

Planning consent was granted on 15th February 2021 under reference 2020/2463. The approved plans allow for the removal of a former shed/workshop and the construction of a two-storey dwelling extending to approximately 175 sqm (1,883 sq ft). Some initial site works have been completed, and it is understood this secures the planning permission as extant. The Community Infrastructure Levy (CIL) charge of £12,294 will be payable by the purchaser.

The proposed layout includes generous internal accommodation, ideal for family living, with private garden space and off-road parking.

Access

Access will be via a private driveway from Denmark Street, which will be shared in part with the neighbouring property.

Services

The plot is currently unserviced. It will be the responsibility of the buyer to arrange for the connection of mains services following completion.

How to get there
