

An aerial photograph of a coastal town at sunset. The sun is low on the horizon, casting a golden glow over the sea and the town. In the foreground, several modern, multi-story houses with grey roofs and large windows are visible, some with warm interior lights on. The houses are arranged in a curved pattern. In the middle ground, there is a large parking lot filled with cars and a cluster of traditional houses. The background shows the sea, a few small islands, and a large hill in the distance.

Located in one of the most sought after locations on the North Coast of Cornwall and just 200 yards from the stunning golden sands of Treyarnon Bay, is Tresco.

This brand new architecturally innovative and highly contemporary five/six bedroom detached house exceeds 2,660 square feet and has been constructed by Waterbeach Property Company, part of a prestigious and exclusive development of five bespoke beach houses named Waterbeach Mews.

This brand new bespoke beach house has been architecturally designed to incorporate a style and design that reflects the ultimate Cornish coastal lifestyle. Stunning sunset and moonscape vistas from the contemporary living space, roof terrace and balcony are maximised by the cleverly conceived split level accommodation and harmonious flow throughout. Tresco demonstrates both modern and traditional elements, namely natural stone and slate hung external facades in contrast to the mono pitch zinc and green roof.

The split level nature of Tresco makes for a uniquely innovative configuration, the bedroom wing separated from the large open plan living space, roof terrace and balcony where the sea views can be enjoyed from the westerly orientation.

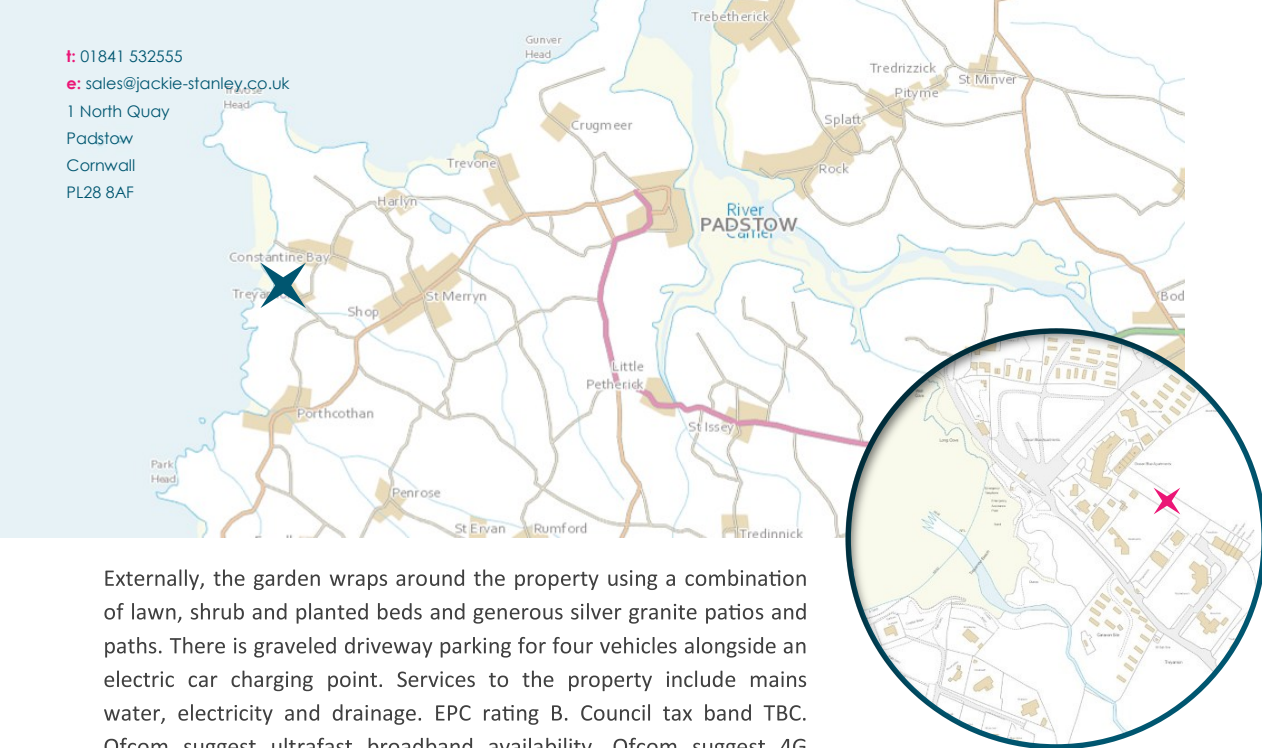

Internally, the exceedingly high specification includes an air source heating system, mechanical ventilation and heat recovery system, a beautiful sleek modern German Nolte kitchen with fully integrated Miele appliances, aluminum windows and doors, five stylish modern bathrooms, premium Villeroy and Boch sanitary ware and tiling and frameless clear glass balcony balustrading.
