Description

This property presents a distinctive and unconventional opportunity, featuring three bedrooms within a Grade II Listed building situated alongside the river. The residence encompasses approximately 1,206 square feet of living space distributed across four uniquely designed levels. The uppermost floor is characterised by a striking cone-shaped bedroom, which provides impressive views of the surrounding rooftops and the river.

****Property Overview**:** This residence is part of a collection of converted Grade II Listed structures originally constructed in 1853 for the Warwick Anchor Brewery. In 1926, the site was acquired by Alfred Mustill and his brother, who established a soft drinks company renowned for its production of ginger beer, dandelion and burdock, and iced lemonade, which were distributed throughout the British Empire.

****Interior Details**:** The interior features five flights of stairs, beginning with a reception hall that leads to the kitchen. The kitchen is equipped with base and wall storage cabinets, as well as integrated appliances, including a gas hob, electric oven, refrigerator, and dishwasher.

Ascending one level reveals one double bedroom, a smaller single bedroom, and a bathroom that includes a shower over the bath. An additional staircase leads to a spacious sitting room, which offers glimpses of the river, alongside a small study area.

The top floor encompasses a beautifully designed circular main bedroom, complete with a high vaulted ceiling, an en-suite shower room, and spectacular views of both the rooftops and the river.

From the kitchen, another staircase provides access to the basement, which includes a utility room and a versatile storage room. There is also access to an additional storage space, although the ceiling height in this area is limited to 4 feet 4 inches.

The property is serviced by a gas-fired central heating system connected to the radiators.

****Exterior Features**:** Externally, the property offers a designated parking space located directly in front. There is gated access to a southwest-facing paved courtyard, an integral storage garage, and steps that lead to the main entrance.
