#### A unique and beautifully designed home

Located in an excellent elevated position to make the most of the sea views this 'upside down' home certainly has the wow factor. Built by the current owners to an exceptionally high standard and using high end fixtures and fittings, there has been great care and attention given throughout the property from the external build materials to the colours and tones used when decorating that emphasises and highlights the attributes of each room according to the direction of the compass and the light passing through. This four bedroom home has a glorious open plan kitchen/dining/sitting room with a recessed sheltered balcony plus another which is Juliette style.

There is a delightful rear garden with a fully equipped outside kitchen, parking for 3 vehicles and a garage/workshop. Absolutely fabulous and has to be viewed to appreciate what there is on offer.

#### Interior

This pristine home is bright and airy throughout and has been thoughtfully created to maximise the views and use of space with plenty of storage and easy maintenance. It is decorated in soft neutral tones with light stone tiles flowing through the hallway and the open plan first floor, both with underfloor heating.

#### Ground Floor:

Entering into a spacious hallway that leads off to four bedrooms, a family bathroom including utility area and a modern staircase leading up to the first floor. Beneath here is understairs storage, an airing cupboard and a plant room containing the Gloworm gas boiler, underfloor heating manifolds and 400 litre Kingspan water cylinder.

Within the generously sized family bathroom, which contains both a freestanding bath, large walk in tiled shower cubicle, wc and basin, there is also a convenient utility area complete with sink, storage cupboard and space/plumbing for a washing machine.

All four bedrooms are doubles in size and have a calm relaxing ambience. The two larger bedrooms have ensuite shower facilities, with the principal bedroom having a modern panelled wall and bespoke wardrobes reaching along one length. Double patio doors open to the landscaped garden.

#### First Floor:

Gliding up the staircase you emerge to an open plan room which has outstanding views out to sea. This ample space flows from the beautiful kitchen area which has a generous sized island and breakfast bar, and is surrounded by an array of cupboards. These incorporate a variety of pan drawers and full height storage units, a fantastic walk in pantry, a double Belfast sink and wine cooler. This very well appointed kitchen includes an integrated NEFF dishwasher, a tilt and slide oven, microwave, full height freezer and separate full height fridge as well as a four zone induction hob with built in downdraft extraction fan. A cooks dream kitchen!

This ample open plan space has been cleverly zoned into both a dining and relaxing sitting area, with the full height windows and a Juliette balcony allowing the room to fill with light. The sizeable sitting area has double doors opening to a west facing tiled balcony which is inset, offering shelter during rainy periods as well as being bathed in light at the end of the day. A perfect spot to sit and watch the ever changing seascape, and a great vantage point for the start/finish line of yacht races such as the Round the Island Race.
