A little more information

Mont Stewart House was built around 1860 and was originally a farm. It sits in a central, elevated location off the Golf Course Road in Whiting Bay and has sea views to the front over the Firth of Clyde towards the Ayrshire coast. The house is close to some of the best amenities within the vibrant village of Whiting Bay with its lovely sandy beach and Sandbraes park as well as an excellent selection of shops, two fuel stations and a garage, village pub and restaurants.

There is an eighteen hole golf course and the large much utilised community village hall that is the venue for many local functions. Whiting Bay has its own primary school and early years classes. The secondary school with UHI Argyll Hub is in Lamlash to which pupils travel to daily by bus.

The Isle of Arran is a place where you can find a little bit of everything you could ever want from a Scottish island; an ever-changing coastline, dramatic mountain peaks, sheltered beaches, verdant forests, great cultural festivals and a wealth of tasty local produce.
