Reportedly featuring in the Domesday book, The Farmhouse has stood for centuries in its corner plot in a desirable part of Binstead. In 2020, a substantial programme of renovation and extension was completed, bringing this beautiful property up to date, using intelligent design and architecture to create a spacious, light family home with a versatile floorplan suited to modern living, while retaining the original period character and charm of the original building. Beautifully presented decor features touches of rustic style, and the extensive renovations include a redesigned layout to maximise the use of space and also provide the opportunity for an independently accessed annexe on the ground floor, offering further flexibility. Expansive, mature grounds surround this charming home, extending to approximately a third of an acre, and there is also the added benefit of plenty of driveway parking and a detached garage. Accommodation comprises a welcoming entrance hall, lounge, sitting room, stunning open-plan kitchen/diner, a study, utility/boot room and a shower room on the ground floor, with a split first-floor, served by separate staircases and consisting of two bedrooms and a bathroom to the south and a further two bedrooms and a shower room to the north.

Set in a fantastic position on Bartons Corner, this home is located within two miles of popular Ryde with its expansive sandy beaches, independent boutique shops and an exciting range of cafes, restaurants and bars. The village of Binstead provides a Post Office and general store as well as a family-friendly gastropub and a primary school. The property is conveniently located for mainland travel links with Ryde Pier just ten minutes away providing a highspeed catamaran service and just under two miles away from the property is the regular car ferry service from Fishbourne. Providing good connectivity to many facilities and amenities, the property is within close proximity to bus stops on the Southern Vectis route between Ryde and Newport, which serves the village every ten minutes during the day.
