Outside

The property is situated on a generous corner plot so has the benefit of the added light that you get and also the potential for

development planning. The roof has 4kw solar panels which also heats the hot water cylinder before returning the power to the grid.

To the front is a gravelled driveway providing off road parking, sleeper edged borders inset with shrubs to one side and shaped lawn to the other side. The boundary has beech hedging round the side, the gravelled path continues round the side of the property through a wrought iron gate to a useful side garden area with a side timber gate on to the street to the side. There is a paved bin storage area, a good size timber shed to be included with the selling price, further paved area and a greenhouse which is also to be included with the selling price, enclosed garden area to the rear with lawn flanked with borders inset with a variety of mature shrubs and a paved path leading round the back of the property. The side area extends all the way up to the rear and provides excellent potential for extension subject to planning permission and buyers' requirements. To the very end of the garden is double timber gated access providing secure and private parking with a large carport leading to the garage. There is also a further side access point to the opposite side of the property should buyers wish to extend and use the other side.

Garage

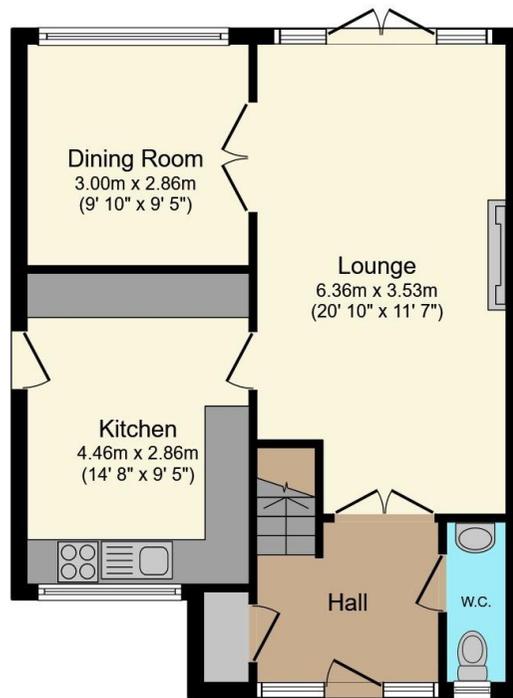

17' 11" x 17' 6" (5.46m x 5.33m)

Having one up and over garage door, one side is built with brick the other side with breezeblock. Having light and power, UPVC roof lights, UPVC double glazed windows along the side with top opening vents. Very light with extra light and power and approximately six double power sockets. Could be used to create an annex subject to planning permission and buyers' requirements.
