THE DEVELOPMENT

A RESIDENTIAL HAVEN TEN MINUTES FROM THE SEA IN MIJAS

This development is a singular residential project of just 59 homes, located in Mijas, in the heart of the Costa del Sol. Priced from €421,000 and with delivery expected in the fourth quarter of 2027, it is designed for those who dream of living in privileged surroundings, just 10 minutes from the sea. At Marevo Real Estate we accompany every purchase with a personal touch, rigour and detailed knowledge of the area.

Mijas is one of the most charming destinations on the Málaga coastline, a place where the Andalusian tradition of the white village and the modernity of its coast live side by side. It offers an exceptional climate all year round, magnificent beaches, golf courses, mountain trails and a complete offering of services, shopping and dining.

Here you enjoy closeness to the beach and the mountains without giving up the tranquillity of a residential setting, with excellent connections to Fuengirola, Marbella and Málaga airport.

The complex brings together welcoming typologies of 1, 2 and 3 bedrooms, with spaces designed to delight those who enjoy calm, comfort and connection with nature. The generous terraces allow you to combine the views of the sea and the mountains with the blue horizon of the Mediterranean, in homes conceived to savour outdoor living all year round.

Among the most remarkable details stand out its sensational views of the Mediterranean and its unique location, ten minutes from the sea. Each home includes a parking space and storage room, bringing convenience and practicality from day one, and the generous terraces become a natural extension of the home.

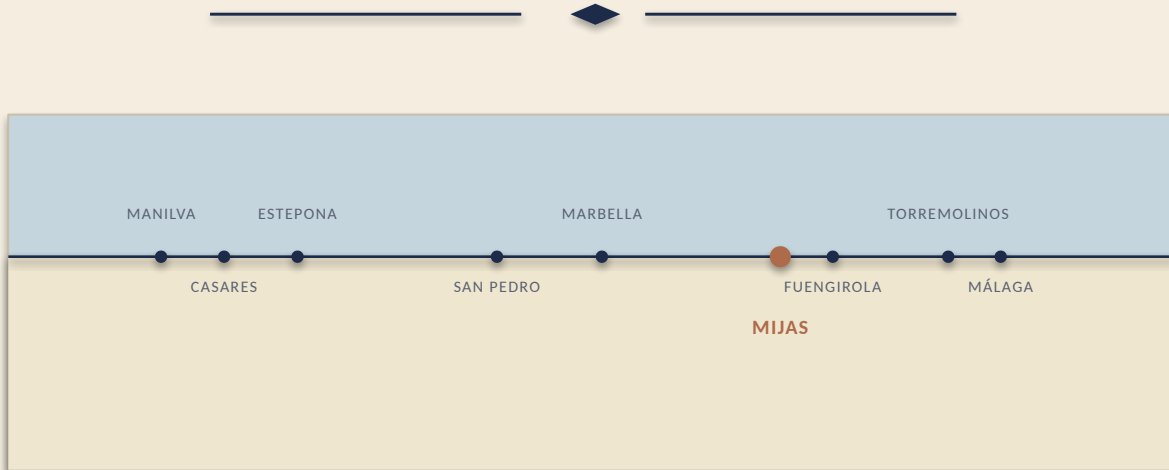

The heart of the complex is its immense garden and its communal areas: a great green expanse in which to lose yourself, rest or stroll in the sun. The development includes an infinity pool, ideal for enjoying the sunsets with sea views, a gym and spaces designed for leisure and wellbeing, perfect for relaxing and disconnecting from the urban pace.

It is a proposition that unites exclusivity, through its small number of homes, with a lifestyle tied to nature and the Mediterranean.
