Offers Over
£425,000

A short walk from the sweep of Swansea Bay, this established residential setting offers a gentle balance of coast and countryside. The nearby shoreline invites early morning swims and evening walks along the sand, while the Gower Peninsula unfolds just beyond with its celebrated landscapes and quiet coves. Local cafés and independent shops lend a sense of community, and well regarded schools together with convenient transport links make daily life both practical and well connected.

Set within a generous plot of around 0.12 acres, this detached home presents a thoughtful arrangement of space extending to approximately 1251 square feet. The approach is composed and welcoming, with private driveway parking leading to a garage and a raised front garden planted with a variety of flowers and shrubs that soften the setting.

The property falls within the catchment for the highly regarded Newton Primary & Bishopston Comprehensive Schools.

Inside, the accommodation is arranged predominantly across the ground floor, creating an ease of living that suits both everyday routines and visiting guests. A central hall leads through to a comfortable lounge and a separate dining room, each offering a distinct place to relax or gather. A well appointed wet room and three bedrooms complete this level.

The first floor introduces an attic room with its own en suite, offering a degree of privacy that lends itself to guest accommodation, a studio, or a quiet retreat.

To the rear, the garden has been arranged for both enjoyment and ease. A raised deck provides an inviting place for outdoor dining and long afternoons in the sun, stepping down to a lawn framed by established planting that brings colour and texture throughout the seasons.

Offered with no onward chain, the property presents a straightforward opportunity to settle into a well balanced home in a location that continues to be sought after for its proximity to the coast and its enduring sense of place.
