Church & Hawes are privileged to announce the launch of Runsell Gardens by Sunbury Country Homes. An exclusive mews-style development of just four outstanding executive homes, combining exceptional specification and contemporary family living in one of Essex's most sought-after villages.

Brand new homes are rarely available within Danbury, making Runsell Gardens an exciting opportunity to acquire a beautifully designed new residence in this highly regarded Essex village.

Each home has been thoughtfully designed to provide spacious, stylish and highly practical accommodation, complemented by an impressive specification throughout. At the heart of each property is a superb open-plan kitchen, dining and family room, creating a wonderful everyday living and entertaining space. Wide bi-folding doors open directly onto the porcelain terrace and southerly facing rear garden, seamlessly connecting the house with its outside space.

The high-quality Shaker-style kitchens feature attractive wood-grain effect cabinetry, luxurious quartz work surfaces and an excellent range of integrated appliances, including side-by-side ovens and a wine cooler. Herringbone flooring with detailing adds another stylish finishing touch.

For more traditional relaxation, there is a separate lounge complete with fireplace, while a dedicated study provides the perfect environment for those working from home. A separate utility room further enhances the practicality of the ground-floor accommodation.

The first floor is equally impressive, centred around a striking gallery-style landing with an impressive high vaulted ceiling, creating a wonderful sense of space and architectural drama. From here are four generous bedrooms, including two impressive principal bedroom suites with their own private bathrooms, together with a beautifully appointed family bathroom. Each en-suite will include a 1400mm shower cubicle, Hans Grohe fittings and porcelain wall and floor tiling.

An additional feature is the clever use of attic-style roof trusses, creating a substantial loft area and providing exciting potential for further accommodation, subject to any necessary consents and regulations.

Externally, each home enjoys a southerly facing rear garden with porcelain terracing, while brick-paved driveways provide an attractive approach. Particularly impressive are the substantial double garages, complete with insulated wide electric roller shutter doors. There is also an electric vehicle charging point.

The specification reflects the demands of modern living, with an air source heat pump and underfloor heating to the ground floor, individually controlled by room thermostats. Each property is offered with the reassurance of a 10-year new-build warranty.
