DESCRIPTION

A detached bungalow now in need of modernisation, offering well-proportioned accommodation together with a useful basement level and generous garden.

The property provides an excellent opportunity for improvement, with scope to update and reconfigure to suit individual requirements. The combination of ground floor living and additional space below creates a practical and flexible layout.

ACCOMMODATION

An entrance porch leads into a central hallway with access to the principal rooms.

To the front, the sitting room features a bay window and fireplace. The kitchen/dining room is located to the rear, fitted with a range of units and providing space for dining, with access to the garden.

There are two double bedrooms, both positioned to the front with bay windows, and a family bathroom fitted with a bath, basin and WC.

The basement level is accessed externally from the rear garden and extends beneath the property as a single level divided into a number of separate rooms with restricted head height. This space provides useful

storage and potential for workshop or hobby use.

OUTSIDE

The property is approached via a driveway providing off-road parking and access to a detached outbuilding/garage.

The front garden is set behind the driveway with established planting.

To the rear, the garden is of a good size and mainly laid to lawn with areas for planting. The garden offers potential for landscaping and improvement and provides access to the basement level. A detached outbuilding offers further storage or workshop space.
