Grove Park Road Chiswick W4

The river is the first thing you notice at the Wheel House. Set directly on the Thames in Grove Park, this five bedroom home is arranged over four floors, with its principal living spaces, bedrooms and garden all oriented towards the water. Beyond the garden, a shared jetty reaches into the river, making the Thames feel less like a view and more like an extension to the house. Inside, the spaces are generous and naturally connected. The kitchen, dining room and lounge form the social heart of the home, with deep blue cabinetry, exposed brick and timber creating a

warm, characterful backdrop to the changing light beyond. The reception rooms are arranged around the river views, with large windows and glazed doors opening towards the garden and drawing the water into the house. Upstairs, five bedrooms and four bathrooms provide a flexible arrangement across the upper floors. The master bedroom has a dressing room and en suite bathroom, while the upper rooms make the most of the elevated outlook across the Thames. A balcony adds another vantage point from which to watch the river.

Grove Park Road Chiswick W4

Outside, the garden slopes gently towards the water, with terraces and planting creating a series of places to sit, eat and linger. At its end, the communal jetty extends into the Thames, offering a rare connection to the river from home, whether for a morning coffee above the water, a quiet evening or heading out by boat.

With off-street parking and almost 3,000 sq. ft. of accommodation, the Wheel House combines the scale and practicality of a substantial London home with an unusually close relationship to the river. Available furnished or unfurnished. Tenant fees may apply.
