

An aerial photograph of a residential property. On the left is a large, long building with a grey corrugated metal roof and a large glass extension. To its right is a well-maintained garden with various trees and shrubs. Further right are several houses with grey roofs. A road with a 'SLOW' sign is at the bottom. A dark green box in the bottom left contains text. The 'oakheart' logo is in the top right.

£500,000

Guide Price

Heath Road, Stanway

GUIDE PRICE: £500,000 - £550,000.

An established and well-proportioned four bedroom, two bathroom detached bungalow, offering just under 1,100 sq ft of accommodation (including the garage), set on a generous and mature plot.

The existing dwelling provides versatile single-storey living, with well-balanced accommodation throughout, making it ideal for a range of buyers including families, downsizers or those seeking lateral living space.

A key feature of this property is the significant development potential on offer.

A pre-application has been submitted for the construction of an additional two bedroom chalet bungalow to the left-hand side of the existing dwelling. The proposed dwelling would benefit from its own private access, ensuring separation and privacy between the two properties.

Importantly, Colchester City Council have issued notice of their decision to grant Permission in Principle for the proposed development, presenting an exciting opportunity for developers, investors or those looking to create a multi-generational living arrangement (subject to full planning approval).

This is a rare opportunity to acquire a property that combines comfortable

existing accommodation with clear and favourable future potential.

Application No: 260131

Application Date: 30 January 2026

Proposal: Permission in principle application for proposed detached dwelling on side adjoining 'Junipers', Heath Road, Colchester, CO3 0QR.
