Guide Price £395,000

A light, spacious, two bedroom house with en-suite shower room, centrally located in this well-served village with parking at the rear.

The house was, we believe, built in 2012 as an addition to an attractive terrace of established cottages and was constructed in a sympathetic period style to reflect the other cottages in the terrace. There is an off road parking space to the rear of the property and an enclosed private garden to the front set behind a screening evergreen hedge.

The location of the property should prove ideal for a family, being a 10 minute drive into Cambridge. The village itself is well served with a range of shops including a post office and general store. Trumpington Waitrose superstore and Park and Ride are also close by and easily accessible along with the 'Shelfords' (nearby attractive villages with a special mix of village feel, ample amenities, countryside views and walks). For the commuter, fast, direct train services are available from Cambridge (4.7 miles) and Royston (9 miles) to both Kings Cross and Liverpool Street, as well as Cambridge South Rail station (currently due to open 2027). Train services from Foxton station (2.3 miles) to Cambridge and Kings Cross.

Offered with no upward chain, the accommodation in detail comprises;
