May Street

Set along a well known street in the heart of Cathays, this attractive mid terrace house offers a thoughtful balance of character and carefully considered improvements, creating a home that feels both welcoming and practical.

The ground floor unfolds into a generous open plan living and dining space, where a cast iron fireplace, exposed brickwork and fitted alcove cabinetry add warmth and personality. French doors open directly onto the garden, allowing the living space to extend naturally outdoors during the warmer months. The kitchen is well arranged with integrated appliances and leads through to a useful utility and cloakroom, adding valuable everyday convenience.

Upstairs, the property offers two bedrooms and a beautifully arranged shower room with vaulted ceiling and skylight, bringing in excellent natural light and giving the space a calm, airy feel.

Cathays remains one of Cardiff's most convenient and well connected locations, popular with both owner occupiers and investors due to its proximity to Cardiff University, the University Hospital of Wales and the city centre. The area offers a wide range of local amenities including independent cafes, shops and parks, while nearby Roath Park and Bute Park provide excellent green spaces. Cardiff city centre is within easy reach on foot, by bicycle or via regular bus routes, and Cathays railway station provides further transport links across the city and beyond.

This is a well presented and characterful home in a central location that continues to be in strong demand.
