99 Promenade

Occupying a distinguished position along Cheltenham's iconic Promenade, 99 Promenade is an elegant early Victorian building dating from circa 1840, offering a rare opportunity to acquire a substantial and well maintained period investment in one of the town's most prestigious addresses.

Arranged over the first, second and top floors, the building comprises five self-contained apartments extending to approximately 4,460 sq ft in total. The apartments enjoy elevated and far reaching views along the Promenade and towards Cleeve Hill, enhancing the building's desirability for tenants and future occupiers alike.

The property has been carefully maintained by the current owners, with internal communal areas and the entire building's exterior and roof substantially renovated between 2025-26 ensuring the building presents to an excellent standard throughout with no external repainting expected before earliest 2033.

Each apartment benefits from residents' permit parking available via the local authority. The building is held on a long leasehold interest of approximately 150 years remaining. Restrictions within the lease include no short term or holiday letting, helping preserve the integrity and residential nature of the building.

NB. The Seller will remain the property's Freeholder and also the owner of the commercial premises at the property and has a strong interest in maintaining the building's attractiveness as well as competitive insurance rates and reasonable sinking fund contributions - as they will continue to contribute almost 50% of those costs annually from their own account.

The property is Grade II* Listed, reflecting its architectural and historic significance within Cheltenham's renowned Regency and Victorian townscape.
