This is an amazing house located in sought after Harthill Drive. This townhouse has large spacious bedrooms upstairs, great size reception room downstairs and a useful utility room with downstairs WC. This house has a great garden to the rear, garage and a driveway that can park 2 cars. Another benefit is the house`s location. It is located very close to the town centre a short walk from the main railway station but is away from the hustle and bustle of lots of traffic and busy shoppers. Perfect for a young family.
