An opportunity to purchase a much improved and extended traditional semi detached home located in a small cul-de-sac setting close to the heart of this well regarded Vale of Belvoir village.

The property has seen a significant programme of work over the years, benefitting from a two storey extension to the side elevation and a pitched roof single storey addition to the rear. This has considerably increased the floor area from the original design providing around 1,400 sq.ft. of accommodation but also offering a great deal of versatility with potentially up to 5 bedrooms, one of which lies to the ground floor with ensuite facilities.

The single storey addition to the rear has allowed the creation of a generous open plan, L shaped, living/dining kitchen with a pitched roof, inset skylights and bifold doors leading out into the south westerly facing rear garden. This provides an excellent open plan area perfect for everyday living. In addition there is a further separate sitting room with an aspect to the front. To the first floor there are 4 bedrooms and main bathroom.

As well as the internal accommodation the property occupies a level plot which has been landscaped for relatively low maintenance living; a walled frontage behind which lies a good level of off road parking and, to the rear, a south to westerly facing, enclosed, garden with paved and decked seating areas linking back into the living area of the kitchen.

In addition, the property benefits from UPVC double glazing, gas central heating, underfloor heating to the ground floor, air conditioning to the kitchen, and a range of relatively modern fixtures and fittings. We understand that the boiler is also still under warranty. The property is offered to the market with no upward chain, making it an appealing choice for buyers seeking a straightforward purchase. Viewing is highly recommended to fully appreciate both the desirable location and the well-presented accommodation on offer.
