

This three bedroom semi-detached house is located a few minutes' walk from the beach in Pevensey Bay. Whilst the property would benefit from some modernisation it does have some double glazing plus gas central heating throughout. The property is a well appointed pre-war home laid out over two floors, and has a generally well presented interior with two good sized reception rooms, one having a fireplace, a full width double glazed conservatory and well equipped kitchen. There is the additional benefit of a ground floor shower room, plus the family bathroom on the first floor and three good sized bedrooms. The rear garden is paved and has access to a useful 21ft wide workshop. There is an area of paved garden also to the front of the property which can be enjoyed via patio doors from the living room, and being enclosed and private with gated front access. To the front of the property there is twin off road parking. Pevensey Bay village is a highly sought after location with a true village feel. It has local amenities to include doctors surgery and shops and restaurants. The position of the bungalow is between the village and within easy reach of Eastbourne Sovereign Harbour where larger stores can be found at The Crumbles shopping centre, together with further restaurants and entertainment. Viewings are welcomed to this wonderful property.

£360,000

Tenure Freehold | Council Tax Band- D

We have prepared these property particulars & floor plans as a general guide. All measurements are approximate and into bays, alcoves and occasional window spaces where appropriate. Room sizes cannot be relied upon for carpets, flooring and furnishings. We have tried to ensure that these particulars are accurate but, to a large extent, we have to rely on what the vendor tells us about the property. You may need to carry out more investigations in the property than it is practical or reasonable for an estate agent to do when preparing sales particulars. For example, we have not carried out any kind of survey of the property to look for structural defects and would advise any homebuyer to obtain a surveyor's report before exchanging contracts. We have not checked whether any equipment in the property (such as central heating) is in working order and would advise homebuyers to check this. You should also instruct a solicitor to investigate all legal matters relating to the property (e.g. title, planning permission, etc) as these are specialist matters in which estate agents are not qualified. Your solicitor will also agree with the seller what items (e.g. carpets, curtains, etc) will be included in the sale.
