

St. James's Road, TW12

£2,525,000

Dexters

St. James's Road, TW12

Instantly recognisable thanks to its striking twin-gabled facade, this landmark home blends period elegance with thoughtful modern updates. These rarely come to market, making this a unique opportunity to acquire one of the area's most distinctive Victorian houses.

Set behind a gravelled frontage and framed by mature planting, the property has excellent kerb appeal and a commanding presence. Inside, the house retains a wealth of Victorian character, including high ceilings, sash windows and attractive fireplaces. Two elegant reception rooms sit to the front, while a beautifully appointed kitchen with central island forms the heart of the home.

Arranged over the upper floors are six/seven bedrooms, including an impressive principal bedroom with walk-in wardrobe, alongside well-appointed bathrooms and flexible space suited to family life, guests or home working. To the rear is a private landscaped garden, featuring a generous terrace for outdoor dining and a well-maintained lawn bordered by mature planting, creating a peaceful and secluded setting.

St. James's Road is a popular residential road just moments from Hampton Hill High Street, Bushy Park and outstanding State and Private schools. Fulwell Train Station is close by with its rail service to London Waterloo.
