CHESTERTONS

Chestertons South West Prime department has the pleasure of introducing to the market a rare and outstanding period freehold house on one of Stockwell's most desirable residential terraces.

Held and enjoyed for many years, this is a house of genuine stature. The proportions are generous, the architecture assured and the original features beautifully intact. It offers a compelling opportunity to create an exceptional London home through considered modernisation.

The garden is impressive in its own right. Beyond it, however, lies something truly special. A second, concealed 'secret garden' sits quietly to the rear — a private and unexpected retreat that elevates the property well beyond the ordinary. Within this space is a workshop and established vegetable garden, offering versatility, privacy and a sense of discovery rarely found in this area. The house is further distinguished by the rare advantage of a double garage on Tradescant Road, providing secure parking and valuable storage.

St Stephens Terrace offers a refined residential setting with immediate access to Stockwell Underground Station, connecting swiftly to central London. Local amenities, green spaces and respected schools are all within short proximity.
