Covered Entrance & Porch

The property is approached via an impressive, large brick-built covered porch extending to the full height of the house. The entrance features two attractive archways with dwarf brick walls, a tarmac forecourt and slate-tiled steps. Inset spotlighting and a composite front door with double-glazed frosted panels and matching side panels create a striking and welcoming first impression.

Reception Hallway

The composite front door opens into a spacious reception hallway finished with high-gloss tiled flooring. Features include a double panel radiator, dado rail, decorative coving, inset spotlights and wall-mounted heating controls. Double doors open into a useful storage cupboard, ideal for coats and shoes, while staircases provide access to both the upper and lower levels.

Kitchen / Dining Room

The kitchen houses a comprehensive range of modern wall and base units finished in light grey with gold handles, complemented by marble-effect work surfaces and a composite white sink with matching drainer and mixer tap.

Integrated appliances include a Beko five-ring electric hob with stainless steel extractor hood above, an eye-level electric oven with grill and microwave function, a built-in dishwasher, and a built-in fridge freezer. The kitchen also benefits from deep pan drawers providing excellent storage.

A central island in a contrasting light blue finish features additional drawers and marble-effect worktops, creating a breakfast bar with ample space for bar stools. Further features include PVC splash backs, high-gloss tiled flooring, and inset spotlights throughout.

Positioned over the sink is a deep bay window with double glazed UPVC windows to the front elevation, allowing plenty of natural light. The kitchen opens seamlessly into the dining area, which offers generous space for a large dining table, continued high-gloss tiled flooring, a central ceiling light, decorative coving, a double panel radiator, and double glazed UPVC windows to the side elevation.

Double glazed UPVC doors lead directly from the dining area onto the front paved patio, making this space ideal for entertaining and indoor-outdoor living.
