Property Introduction

A three bedroom detached home, situated in a cul-de-sac within this sought after location close to the town and beaches.

The property has been improved since being built with a large conservatory added to the rear which provides a lot of additional space, a log burner in the lounge and a large workshop/man cave to the rear. The principal bedroom has a large en-suite shower room and there is also a ground floor cloakroom and a principal bathroom as well.

The property has gas central heating is double glazed and has off-road parking and a garage.

This really is a super family home and one we recommend to come and see.

Location

Built just before the millennium, this brick built home is located amongst other similar quality homes in a no-through road location. The property is in a cul-de-sac and enjoys far reaching views to the front across fields and countryside.

A footpath adjacent to the neighbouring property provides quick access to Gannel Road and in turn the town and beaches and leisure facilities as needed. Access out of town is also easy, the property being tucked away but also avoids any one way system that is around the central part of the town.
