A rare and exciting opportunity has arisen to purchase a traditional three bedroom detached family house situated on a garden plot of just over a quarter of an acre.

This well presented property comes to the market in a ready to move into condition and enjoys beautifully presented and expansive rear gardens. Towards the end of these gardens, the Vendor has recently sought and had granted outline planning consent for a four bedroom dwelling house with access from Poplar Avenue to the rear. The gardens offer fantastic scope for redevelopment, whilst retaining a good proportion of the garden.

This opportunity would suit self builders, property developers and possibly those looking to create a self contained dwelling annex for extended family purposes. Having said that, a buyer may just wish to enjoy forever more the simply splendid rear gardens which the current owners have tended to over the years to provide expansive lawns, well tended colourful bedding, fruit trees and a summerhouse at the foot of the plot which enjoys views back down the garden.

The property is set back from Stanton Road in an elevated position with a front garden and driveway providing off-street parking for several vehicles. This leads to an attached garage. The garage is currently used as a workshop, beyond which is a passageway leading to the rear garden where there is a covered hot tub area which includes a shower and sink.

The house is centrally heated and double glazed, with the accommodation comprising entrance porch leading to the hallway, useful cloakroom/WC, lounge to the front which has bi-fold doors opening to the open plan family dining kitchen. To the first floor, the landing provides access to three bedrooms and family bathroom.

The property is situated within the original village of Sandiacre which is now a small town and is close to open countryside. There are footpaths leading to the nearby Derbyshire villages of Stanton by Dale, Dale Abbey and Risley. Far from being isolated, the property is a short walk to the Cloudside Junior School and Friesland School for those over the age of 11. A short drive away is Junction 25 of the M1 motorway, as well as the A52 which links Nottingham and Derby.

The house has scope and potential to extend (subject to the necessary permissions, etc.). The property and gardens lend itself to a variety of buyers and both can only be fully appreciated when viewed.

## PLANNING PERMISSION

The current owners have recently sought and have granted outlined planning consent for a new detached three storey, 4 bedroom dwelling to the foot of the garden plot. The application reference is ERE/0425/0038 and was granted on 25th June 2025.

A new vehicle access is required from Poplar Avenue in order to provide for off-street parking and access to the site.

The new dwelling will offer approximately 130sqm of internal space, arranged over three floors, with up to four bedrooms, as well as an integral garage. The design will be similar and in-keeping with other more recently built dwellings seen on this section of Poplar Avenue.

Further information and documentation is available upon request, or can be downloaded from the Planning Section on Erewash Borough Council's website.
