3 Bedroom House - Mid Terrace located in Sheffield

Set on an elevated spot in one of Meersbrook's most sought after streets, this three bedroom terrace combines clever space planning with a view that stretches for miles. It's the kind of home that feels larger than it looks from the outside.

The living room is warm and inviting, centred around a real log burner that brings character and a cosy atmosphere to the heart of the home. At the back, the house opens up to a kitchen/diner that's anything but typical. Unlike the narrow off-shot kitchens found in most terraces, this space occupies the former dining room, giving you room to cook, entertain, and genuinely live.

Practicality hasn't been forgotten either. The former off-shot kitchen has been transformed into a separate utility room, complete with a sink and extra storage, a rare feature that keeps the main kitchen uncluttered.

Upstairs, three well sized bedrooms and a bathroom maintain the balance of comfort and functionality. Outside, the west-facing garden takes full advantage of the elevated position, offering far reaching views and plenty of space to relax in the sun.
