Ashton Mill Stables is an exceptional four-bedroom link-detached barn conversion, beautifully positioned in a breathtaking rural setting with spectacular far-reaching views. Set within stunning landscaped gardens extending to over one acre, this unique home offers an enviable blend of character, space, and tranquillity. A particular highlight is the impressive 50ft outbuilding with great versatility, offering potential for a six-bay garage, workshop, artist's studio, or conversion into a self-contained annexe, subject to the necessary planning permissions. Combining idyllic countryside living with wonderful potential, Ashton Mill Stables is a truly rare opportunity to acquire a distinctive home in an outstanding location.

The original barn is believed to date back to the 1870s, but was converted and extended by the current owners into the family home it is now. The craftsmanship on throughout the house is outstanding with great attention to detail. At the heart of the barn is a 39ft long open plan vaulted kitchen/dining/living room, making it an ideal eating and entertaining space. The handmade kitchen is finished with cedar worktops and a breakfast bar with granite worktop. Three sets of French doors open on to the garden whilst the fourth set lead through to a superb vaulted oak framed a garden room with feature log burner. An inner hall off the kitchen has bespoke doors into a utility/cloakroom, a contemporary family shower room and four double bedrooms. The principal bedroom has a cleverly concealed luxurious en suite hidden behind a handmade door with a full length mirror. Outside, the house also excels. There is parking for up to 10 cars with extra space for a motorhome. The well maintained established gardens are south facing and a true delight with a bridge spanning a stream, various fruit trees, manicured lawns and colourful planted borders in addition to a number of delightful seating areas from where you can enjoy the views over corn fields and up to the Westbury Downs. Set off the kitchen and one of the bedrooms is a smaller courtyard garden with a palm tree and an array of gorgeous plants and shrubs. The incredible outbuilding could be used for a variety of purposes including ancillary accommodation and even has a games room with a corner bar attached to it. A generator provides 3-phase electricity. A handmade garden store and a charming brick and timber clad Wendy house complete this unique property.
