- Loo With a View: Spectacular views from every window

About this property

Flat 3 at Tod Head Lighthouse Station is a residential property for sale in Aberdeenshire, part of a former lighthouse keeper's dwelling. It's located about one and a half hours from Dundee. The flat offers sea and lighthouse views and requires some restoration/renovation, like insulation and roofing. The current owner has the works lined up and can be completed for the buyer if desired. The owner, who bought most of the station in April 2024, is selling surplus flats and bringing a new lease of life to the site.
