

Brick Kiln Road, Stevenage

AGENT HYBRID

We are delighted to present to the market this substantially improved and executive four-bedroom detached family residence, ideally positioned within one of Stevenage's most desirable locations, just a short walk from the Historic Old Town High Street, mainline train station (with direct links to London Kings Cross and St Pancras), the Leisure Park, and well-regarded local schools.

Occupying a generous plot, the property immediately impresses with its extensive frontage, offering block paved and gravel driveway parking for up to six vehicles. Subtle feature lighting to the flower beds and porch canopy enhances the approach, leading to a composite front door set beneath a wide, sheltered canopy. Internally, the home has been thoughtfully reconfigured to create a stunning open-plan living environment, centred around a spectacular almost 30ft wide kitchen/dining space. The kitchen is fitted with elegant cashmere gloss cabinetry, complemented by tiled flooring with integrated LED kickboard lighting. A comprehensive range of integrated appliances includes twin ovens, dishwasher, and wine chiller, alongside designated space for an American-style fridge freezer. A generous breakfast bar and ample dining space make this the true heart of the home, ideal for both family life and entertaining. Sliding patio doors provide a seamless connection to the rear garden. An inner hallway leads to a stylishly re-fitted downstairs WC and a separate utility room, which accommodates further appliances including a washing machine, tumble dryer, and additional fridge freezer. Flowing effortlessly from the kitchen is the beautifully appointed lounge, a warm and inviting space featuring a bespoke chimney breast-style media wall and a log burner, creating a cosy focal point. To the first floor, a spacious galleried landing provides access to four well-proportioned bedrooms and a luxurious family bathroom, fully tiled and fitted to a high specification. The principal bedroom suite benefits from a contemporary en-suite shower room, also fully tiled and featuring Mira digital mixer showers, with both rainfall and handheld outlets. Further enhancing the home's comfort and efficiency, the property benefits from a zoned heating system, allowing independent control of upstairs and downstairs temperatures, along with an unvented hot water cylinder.

Externally, the property enjoys a large, private and mature rear garden, designed with both relaxation and entertaining in mind. A wide patio seating area leads onto a well-maintained lawn bordered by established planting, while a secluded courtyard-style seating area to the side offers additional privacy. The garden is further enhanced by hot and cold outdoor taps, power points, and a summer house/shed complete with lighting and power. A detached double garage, accessed from both the driveway and garden, is fully equipped with power, lighting, gas, and water supply, offering excellent versatility.

The property also offers significant future potential, with architect-drawn plans already prepared for further extension. These include the creation of an annexe-style space or home office with en-suite to the side of the garage, a new principal bedroom suite above, and additional scope for a loft conversion. The loft itself has already been fully boarded, insulated, fitted with lighting, power sockets, and a loft ladder, providing excellent storage or future development opportunity. This exceptional home combines space, specification, and lifestyle, all within a prime and highly convenient location. Viewing is highly recommended to fully appreciate the quality and potential this outstanding property has to offer.
