Stunning Four Bedroom Home

Reworked To Create Space In
Abundance

Extended And Enhanced

En-Suite To Master Bedroom

Modern Open Plan Family Living

Landscaped Rear Garden

Exclusively via Jenkinson Estates, this truly stunning home must be seen to appreciate the space and style on offer. A transformation from the original homes, this results in a property that has an expanse of living space with the modern flair, four bedrooms with the master having the benefit of a luxury En-suite, a further luxury family shower room to the ground floor, utility room and a landscaped southerly aspect garden, with covered garden kitchen and seating area. The bedroom accommodation is versatile and could quite easily be arranged as a three bedroom, allowing more reception rooms, but it is definitely not necessary. The main hub and living space of this home incorporates the kitchen that is open plan to the family space with a further open plan dining area. This overlooks and opens to the rear gardens. The first floor views are over open countryside and livery fields. There is off street parking to the frontage that leads to the single garage. The garage has been used as a gym, with a courtesy door that leads into the garden. An eco-friendly home with the heating and hot water being provided by the modern method of air source heat pump. Other services are mains water and electricity supply with cess pit drainage. This is a stunning family home, a word that is over used in some cases, but trust us, this home will not disappoint.
