Description

A fantastic opportunity to acquire this stunning late 15th-century hall house, sympathetically converted to create a pair of truly individual family homes. We are delighted to offer 74 Ware Street, the larger of the two properties, which showcases an abundance of historic character, including arched braces and a jettied first floor beneath a traditional Kent peg-tiled roof. Internally, the property is rich in period features, with exposed beams throughout and a magnificent inglenook fireplace forming an impressive focal point.

Within the rear garden stands the original stable block, offering excellent scope and potential, while the generous garden itself measures approximately 132' x 50'. This landmark building is offered with no forward chain and enjoys a highly convenient location, just a short stroll from the Village Green and railway station, with easy access to highly regarded local infant and junior schools.

An internal viewing is highly recommended to fully appreciate the remarkable character, history and potential of this unique home – a wonderful slice of local heritage awaiting its next custodian.

Location

Situated in the heart of Bearsted, the village green is approximately 100 metres away and enjoys an excellent selection of local amenities including shops providing for everyday needs together with a selection of gastro pubs and restaurants, village library and mainline railway station connected to London on the Victoria line. Educationally the area is well served with the local Roseacre and Thurnham schools catering for infants and juniors. The village also boasts an excellent selection of leisure facilities including golf, cricket, football and tennis. Maidstone town centre is some two miles distant and offers a more comprehensive selection of amenities and a wider range of schools for older children. The M20/A20/M2/M25 and M26 motorways are also close by and offer direct vehicular access to both London and The Channel Ports.
