What the seller says:

What do you love most about your home?

"We love the location and the garden because even though it's so central the garden is still very peaceful and a great space to relax or entertain. We've had some excellent days spent in the sun and summer evenings around the BBQ/firepit and even a hot-tub from time to time... It's great in winter too - from cosying up in the front room to hosting a full 8-person Christmas dinner (yes there is enough space) it's been a wonderful year-round place to live.

Having the garden and plenty of space for working from home recently has been a relief, we're not sure what we would have done if we were stuck in a small flat during that time.

One really special thing we will definitely miss are the lovely neighbours. This is something you can't control when buying a place and can only hope we are this lucky in our next home".

What do you love most about the area?

"For us Enfield has such a great balance of London life with some of the best bits of the countryside on your doorstep. There's a great community feel and loads of local pubs, cafes and restaurants on your doorstep plus the highlights of London just a short train ride away - the station being just a minute round the corner is great for commuting and socialising. We love the other side of Enfield too - being so close to Forty Hall and the other parks where you can take some great walks and stock up at the Farmers Market gives the quieter side of life too".
