Accommodation

Throughout the property, the careful restoration and sympathetic updating have preserved the building's historic integrity whilst creating a home ideally suited to modern living. The property is entered into a stunning reception room. This principal reception room is a superb open-plan sitting and dining room, where exposed ceiling beams, structural timbers and a striking brick fireplace create a warm and inviting atmosphere. Offering excellent versatility, this substantial room provides clearly defined areas for both relaxation and entertaining whilst maintaining an open and sociable feel. Large windows frame attractive views across the front gardens and flood the interior with natural light.

Beyond the reception room lies a beautifully fitted breakfast kitchen, designed in a classic style with an extensive range of cabinetry. The kitchen serves as a practical and sociable hub of the home, whilst maintaining the property's period character. Situated off the kitchen is a utility room, and in turn a guest WC and boot room. An excellent sized dining room/home office provides access to a garden room which completes the ground floor accommodation and enjoys direct access to, and views of, the beautiful rear cottage garden.

The first floor provides two generous double bedrooms with attractive period features and views over the surrounding village, plus a third double guest bedroom. The principal bedroom benefits from fitted storage. A staircase rises to the second floor where an attic room is currently used as a gym.

Outside

One of the property's most exceptional features is its enchanting stone and thatch frontage overlooking The Green. A beautifully established cottage garden provides a wonderful first impression, with winding pathways bordered by an abundance of mature planting, colourful herbaceous borders and seasonal interest throughout the year. The garden perfectly complements the character of the cottage and creates a beautiful frame to the village green beyond.

The landscaped rear garden has been thoughtfully designed to offer a series of distinct outdoor spaces. A paved terrace immediately adjoining the property provides an ideal setting for outdoor dining and entertaining, whilst areas of lawn, gravel pathways, mature planting and well-stocked borders create a private and tranquil environment. A timber garden store and sheltered seating areas further enhance the usability of the space, making it a delightful extension of the accommodation and a wonderful setting in which to enjoy village life.

The Thatch

The ridge of the thatched roof is being replaced, and the rest of the roof is having an overhaul. Scheduled for Summer 2026.
