Lower Ground Floor

The basement offers an exceptionally versatile space equipped with power and light. Currently utilized for storage, this substantial area presents fantastic potential for a variety of alternative uses, whether transformed into a hobbies room, workshop, or wine cellar.

Ground Floor

The front door opens directly into a welcoming sitting room, where a large sash window overlooks the front garden and a feature fireplace provides a warm, characterful focal point. Stairs lead both down to the basement and up to the first floor, while an opening flows seamlessly through to the kitchen at the rear. Well-appointed for everyday living, the kitchen benefits from dual windows looking out over the garden, a classic butler-style sink, and an impressive range of wall and base units. There is generous space for a full suite of appliances including a cooker, fridge/freezer, dishwasher, washing machine, and tumble dryer. A door then opens directly out to the rear garden.

First Floor

scending to the first floor, the landing grants access to two bright bedrooms and the principal bathroom. The main bedroom is a wonderfully spacious double, flooded with natural light from dual windows and complete with a convenient alcove ideal for fitted or freestanding wardrobes. Bedroom two offers delightful versatility, serving as an ample single bedroom, cosy nursery, or a quiet dedicated work-from-home space. Completing the floor, the well-appointed family bathroom features a bath with shower attachment, a separate walk-in shower cubicle, a wash hand basin, and WC.

Outside

To the rear, the private courtyard garden is designed for low-maintenance outdoor living, featuring paved patio areas and shingle ideally suited for alfresco dining and potted plants. Framed by a charming brick retaining wall, it offers a wonderfully enclosed and peaceful haven to relax and entertain.
