The Property

Poplar Farm Barn is a truly special and thoughtfully converted barn, discreetly positioned behind gates concealing a sheltered and private walled garden in the heart of the Suffolk countryside.

The main barn offers beautifully balanced accommodation that blends traditional character with modern efficiency. Entry is via a glazed porch into a welcoming entrance hall, leading through to a magnificent sitting room centred around a striking inglenook fireplace with wood-burning stove a wonderful focal point and perfect for cosy evenings.

The ground floor continues with an open-plan dining room/snug, with stairs rising to the first floor, alongside a useful cloakroom. The farmhouse-style kitchen is both practical and elegant, fitted with quality units and benefitting from underfloor heating, and is complemented by a separate utility room.

Upstairs, a galleried landing leads to three beautifully proportioned bedrooms, including two with en-suite facilities, as well as a family bathroom. Throughout the first floor there is an abundance of exposed timbers, vaulted ceilings and natural character, creating a sense of space and warmth rarely achieved.

Courtyard Cottage (Annexe)

The annexe, known as Courtyard Cottage, is completely self-contained and immaculately presented, offering excellent flexibility for guests, extended family or holiday letting (currently operated as a furnished holiday let)

Entered via a charming stable door, the accommodation comprises an open-plan living space with a well-appointed kitchen area including integrated oven, microwave, ceramic hob and dishwasher. The sitting area features a wood-burning stove, creating a cosy and inviting atmosphere.

There are two bedrooms served by a modern shower room with double cubicle and electric heating.

Outside

The property is approached via gates into a private walled courtyard setting providing parking for several vehicles. Attractively arranged and low maintenance, with a blend of paved and planted areas.
