SUMMARY

Guide Price £625,000 - £650,000:

This exceptional four-bedroom detached house features a double garage and is located in the established and highly regarded residential area of Pennsylvania. Nestled within a small cul-de-sac, the property enjoys excellent proximity to the Streatham Campus of Exeter University. Additionally, Exeter City Centre, with its extensive array of facilities and amenities, is easily accessible.

The property offers versatile living accommodation, including three generously sized reception rooms. The layout consists of an entrance hall, a ground-floor cloakroom, a living room with a bay window at the front, a separate dining room, a modern fitted kitchen, a separate utility room, and a family room with patio doors leading to the rear garden. There are four generously proportioned bedrooms, all equipped with built-in wardrobes, along with a contemporary ensuite shower room and a separate bathroom featuring both a bath and a walk-in shower.

Externally, the property boasts well-maintained gardens at both the front and rear. The rear garden includes a paved patio area that transitions into a lawned section. The garden has borders filled with a variety of shrubs and bushes, as well as two raised beds for planting. The garden wraps around to the side of the house, providing gated access to the front. The front garden is also laid to lawn, and the driveway offers off-road parking in front of the detached double garage.

The double garage is equipped with power and light, features a remote-controlled door, and includes an Electric Vehicle charging point.

An early internal viewing is strongly recommended for this outstanding property.
