SITUATION & AMENITIES

The property forms one of a Hamlet of four dwellings, accessed over a driveway which is initially shared, before becoming private. The property benefits from delightful views over open countryside towards Roborough village on the horizon. Village amenities at Roborough, High Bickington and Dolton are within easy access. Wider amenities are available at Torrington, Bideford, Barnstaple and South Molton – again, all within access. The Link Road, coast, Dartmoor and Exmoor National Parks are all within striking distance, as are rail links to Exeter. The area is well served by excellent state and private schools, including the renowned West Buckland school. The nearest international airports are at Bristol and Exeter. North Devon's famous coastline and surfing beaches at Instow, Croyde, Putsborough, Saunton (also with Championship Golf Course) and Woolacombe are all about 45 minutes by car.

DESCRIPTION

Lower Barn comprises a charming detached single storey conversion of a former period shippen, which presents elevations mainly of stone, with hardwood framed double glazed doors and windows, beneath a slate roof. We understand that the property was converted in 2004. The accommodation is bright, spacious, rustic and well presented. Externally and strategically placed in the rear courtyard for ease of access to the dwelling is a shepherd's hut, which provides overspill bedroom accommodation, or alternatively makes a perfect office/studio, etc. Outbuildings include a double garage, car port, and pole barn/hay store (potential stabling). There is ample parking/motorhome/horsebox space, formal gardens and pasture – in all about 7.2 acres. The property is currently operated as a smallholding but is also ideal for equestrian use or for anyone to run dogs on their own land.

OUTSIDE

As previously mentioned, the initial part of the access lane is shared with three other neighbours, and all contribute 25% to maintenance costs on an if-and-when occurring basis. This then leads to a pair of solid private gates into the property itself, where there is an extensive car parking area. To the rear of the dwelling is a wall-enclosed COURTYARD, accommodating the SHEPHERD'S HUT with power connected, as well as oil tank and boiler. There is also a LEAN-TO LOG STORE. From the drive a pedestrian gate leads into the FORMAL GARDENS. From the top there is the raised SUN DECK with safety glass surround, ensuring that the view is not spoilt, as well as a remotely controlled awning. Steps lead down to a gravelled TERRACE running onto a whirligig position. There are well stocked stone edged beds and borders, an ORNAMENTAL POND, sweeping lawns interspersed with some fine specimen trees and shrubs. The GARDEN is fence enclosed. At the far end of the drive is access firstly to the CAR PORT with second LOG STORE adjoining, DOUBLE GARAGE with power and light connected – currently set up as a WORKSHOP, and below this a recently constructed POLE BARN, measuring about 20ft x 17ft with yard in front and access to the pastureland which is arranged as one large field. This runs down to stream frontage and a natural water supply. Within the top corner is a productive KITCHEN GARDEN with GREENHOUSE and timber GARDEN SHED, as well as a water supply.

SERVICES

Mains electricity and water are connected. Solar panels provide energy and income. Central heating is oil-fired. Drainage is to a private septic tank located just below the whirligig position.

DIRECTIONS

From the centre of Roberorough, at The New Inn, follow the sign to Rapson. Follow the road for about 0.8 of a mile and you will reach the Hamlet of Rapson. Turn right here and pass a property known as 'Moor Park' on your left. The road then bends to the right. Continue, keeping to the left and the property is the last one you come to.
