AN EXTENDED FOUR BEDROOM
DETACHED FAMILY HOUSE OFFERED FOR
SALE WITH NO UPWARD CHAIN.

ROBERT ELLIS ARE DELIGHTED TO WELCOME TO THE MARKET FOR THE FIRST TIME SINCE THE LATE 1980'S THIS EXTENDED FOUR BEDROOM DETACHED FAMILY HOUSE OFFERED FOR SALE WITH NO UPWARD CHAIN POSITIONED IN THIS PICTURESQUE AND SOUGHT AFTER DERBYSHIRE VILLAGE LOCATION.

With accommodation over two floors, the ground floor comprises entrance porch, inner entrance hallway, ground floor WC, living room, sitting room, dining room, shower room, utility and kitchen. The first floor landing then provides access to four bedrooms and a bathroom suite.

The property also benefits from gas fired central heating, double glazing, off-street parking via two separate driveways, detached garage and a generous private established garden to the rear.

The property also boasts further parking to the foot of the plot, accessed via the neighbouring close, hard standing for further vehicles, caravan or works vehicle (if required).

Given the size and access of the plot, there is a potential of having further space to develop the site to the rear. However, this has not been looked at in any shape or form and would, of course, be subject to the relevant permissions and approvals set within the Conservation Area Status.

The property is located within this picturesque and sought after Derbyshire village which offers easy access to excellent nearby transport links including the A52, M1, tram and train services, whilst being on the doorstep to neighbouring towns and cities offering a wide variety of national and independent retailers and shopping facilities.

The village is set within the countryside and boasts a highly regarded golf course, cricket ground, deli cafe and two popular public houses.

We believe the property, which does need some general modernisation and improvement in places, would make an exceptional long term family home. We highly recommend an internal viewing.

A patio area incorporates an external light point, water tap and pedestrian gate leading onto the side driveway and to the garage. Dropping down from the raised patio, the garden opens out a lawn, flanked either side by well-stocked flowerbeds and borders housing an array of bushes, shrubs, trees and plants. There is an additional pedestrian gate providing further access to the front, as well as a timber storage shed, greenhouse and summerhouse. External power point, raised and planted rockery and at the foot of the plot, there is further secure parking. At this moment in time, no further use has been explored regarding potential development opportunities at the rear.
