This modern, chain-free home offers exceptional flexibility with dual living potential, generous living space, stunning elevated views, and easy access to schools and local amenities. Approached via a driveway with parking and access to a detached double garage with electric door, the property opens into a spacious entrance hall that immediately sets the tone for the home. From here, stairs lead to both the upper and lower floors, and there is excellent built-in storage, along with a convenient cloakroom fitted with a dual-flush WC, wash hand basin, tiled walls and flooring, radiator, and extractor fan.

The heart of the home is the bright, double-aspect kitchen-breakfast room, designed for both practicality and sociable living. It offers ample space for a breakfast table and is fitted with a range of cupboards, electric hob, oven and grill, sink unit, integrated dishwasher, and space for an American-style fridge freezer. This room flows seamlessly into the utility room, which provides further workspace, plumbing for a washing machine and dryer, a sink, storage cupboard, and an external door leading out to the garden.

Adjacent to the kitchen is the dining room, where sliding patio doors open onto the balcony, creating a perfect space to enjoy elevated views across the garden, St Leonards, and partial sea views. Also on this level is a versatile bedroom or study, positioned to the front of the property and ideal for home working or guest accommodation.

Descending to the lower floor, a spacious hall provides further storage including an under-stair cupboard and access to the rear garden via an external door opening directly onto the decking. This level offers excellent independent living potential, with a well-appointed shower room featuring a large walk-in shower, WC, wash hand basin, tiled walls and floor, radiator, and storage cupboard. The living room is a welcoming double-aspect space with a fireplace and sliding patio doors that open onto the garden, while an additional family room or bedroom enjoys pleasant garden views, making this floor ideal for multi-generational living or guests.

The first floor is dedicated to bedrooms, led by the impressive master bedroom which enjoys a double aspect, built-in wardrobes, and a stylish en suite bathroom complete with bath, separate shower, WC, and wash basin. Two further double bedrooms, both with built-in wardrobes, radiators, and attractive views, are served by the family bathroom, which includes a bath, shower, WC, wash hand basin, radiator, and fully tiled walls and floor.

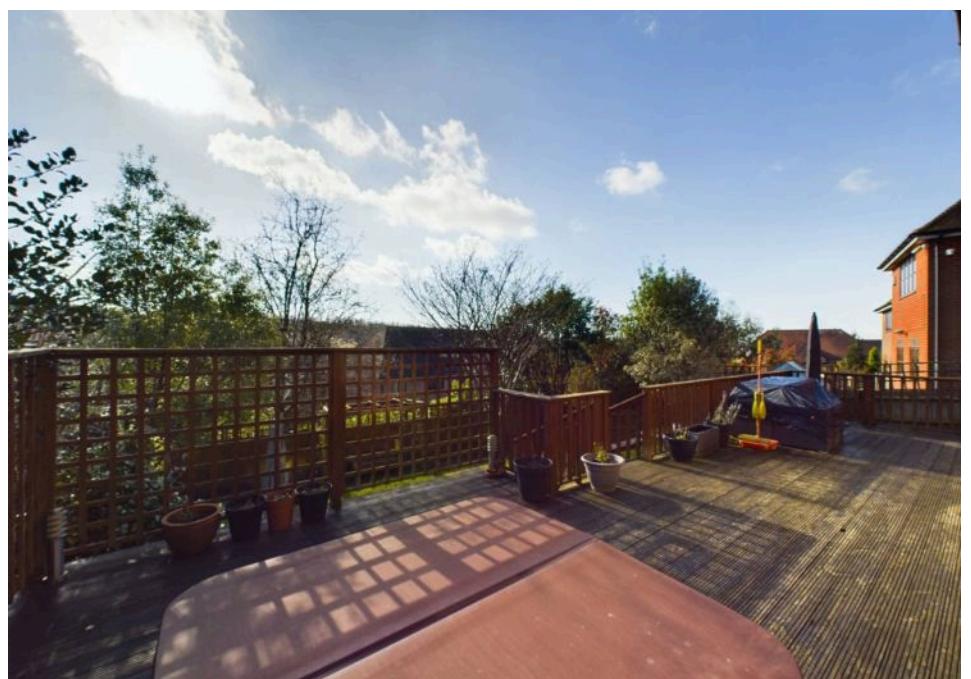

Outside, the rear garden has been thoughtfully landscaped to create a private and relaxing environment, featuring a decked patio with hot tub, lawn areas, and gated side access.
