Asking price £250,000

Taylor Michael are delighted to introduce this well-presented and recently renovated one-bedroom lower ground floor apartment, ideally positioned on the highly desirable Tisbury Road in the heart of central Hove. Offering a fantastic opportunity for first-time buyers, investors or those looking to downsize, this attractive property combines modern interiors with a convenient location, just moments from Hove's popular shops, cafés, restaurants and excellent transport connections. Offered for sale with no onward chain, the apartment is ready for its next owner to move straight into and enjoy.

The property has recently undergone a programme of improvements, creating a fresh, bright and welcoming living environment throughout. Recent works include new carpeting, redecoration and updated kitchen units, giving the apartment a modern and contemporary feel whilst providing a neutral finish that will appeal to a wide range of purchasers. The accommodation has been thoughtfully arranged to make practical use of the available space, making this an excellent option for buyers seeking a manageable, low-maintenance home in a central location.

At the heart of the apartment is the spacious open-plan kitchen and living area, providing a versatile space for both everyday living and entertaining. The modern kitchen has been updated with contemporary white units, contrasting worktops and integrated cooking facilities, offering a practical arrangement for preparing meals. The adjoining living area provides ample room for a comfortable seating arrangement and additional furnishings, whilst the open-plan design creates a sociable and welcoming environment. This room also benefits from air conditioning, an excellent additional feature offering greater comfort throughout the warmer months.

The bedroom is a cosy small double room, providing comfortable accommodation with space for essential bedroom furnishings. Finished with fresh decoration and new carpeting, the room offers a clean and neutral setting that can easily be personalised to suit the new owner's requirements. Its position within the apartment provides separation from the main living accommodation, making it a practical space for relaxation. The bedroom would particularly suit an individual purchaser or couple looking for an affordable and conveniently located home.

The bathroom is fitted with a white suite comprising a panelled bath with shower facilities, wash hand basin and WC. Finished with tiled walls and practical fittings, the bathroom offers everything required for everyday use, with the added benefit of a full-sized bath rather than a shower-only arrangement. The layout makes good use of the available space and complements the apartment's overall practical design.

An additional benefit of the property is its own small outside patio area, accessed directly from the main living accommodation. Although compact, this private outdoor space provides a welcome opportunity to enjoy some fresh air, accommodate a small seating arrangement or introduce potted plants. Private outside space is always a desirable feature, particularly for centrally located apartments, and this area offers a useful extension to the internal accommodation.

Tisbury Road is situated in one of Hove's most convenient and sought-after central locations, with an excellent selection of independent shops, cafés, restaurants and everyday amenities within easy reach. The popular Church Road is just a short distance away, offering a vibrant mix of local businesses, whilst Hove's seafront and promenade provide the perfect setting for coastal walks and outdoor activities. Hove railway station is also accessible, offering regular connections towards Brighton, London and surrounding areas, making the property particularly appealing to commuters and those wanting to enjoy everything Brighton and Hove has to offer.

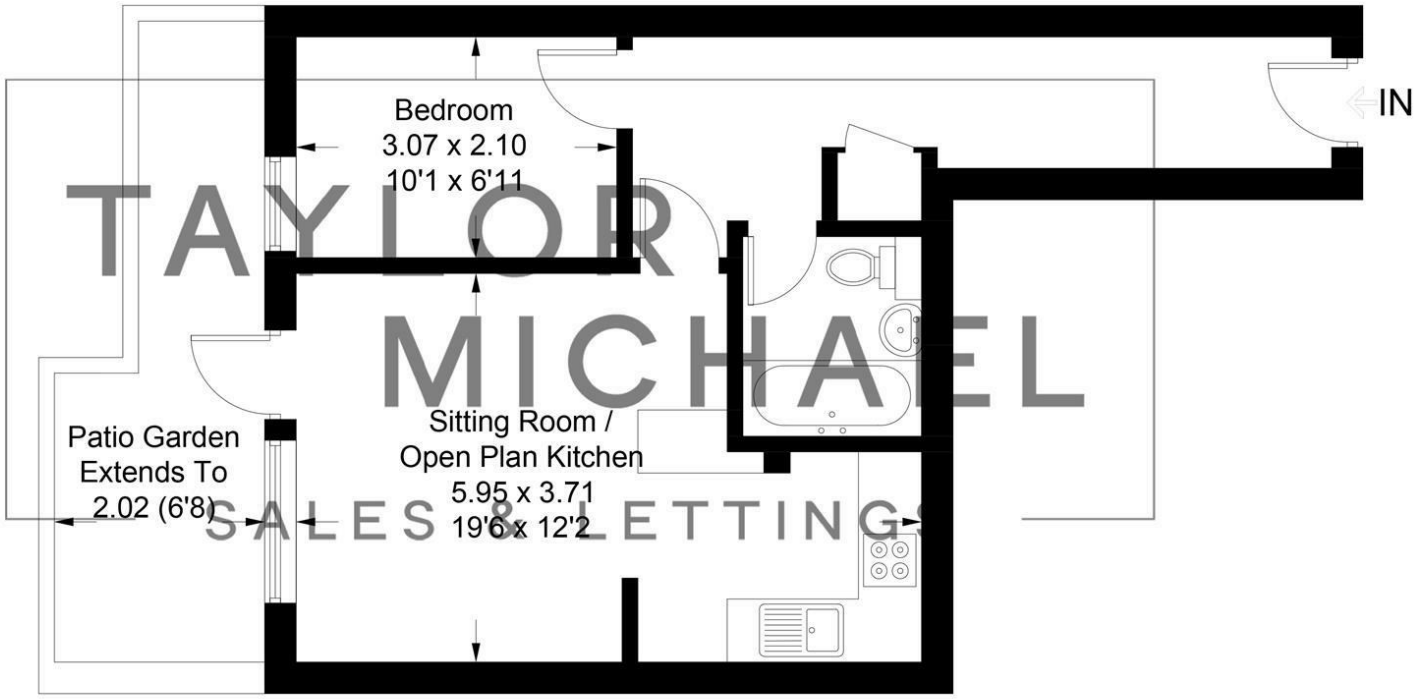

Offered as a leasehold apartment with no onward chain, this property represents an excellent opportunity for a variety of purchasers. First-time buyers will appreciate the modern presentation, manageable accommodation and central location, whilst investors may recognise the potential for a rental investment in an area with established demand. Equally, those looking to downsize or secure a convenient Hove base will find the practical layout and low-maintenance nature of the property particularly attractive. With its recent improvements, open-plan living accommodation, air conditioning and private patio, this is a fantastic opportunity to acquire a centrally located apartment, and early viewing is highly recommended.
