GENERAL COMMENTS

9 Harbour View is located in the heart of St Just In Roseland and within a short drive of St Mawes. The creek and church are also within walking distance and the King Harry ferry provides swift access to Truro and Falmouth.

The house is very understated from outside and is much larger than one would expect. It has been a cherished family home of the vendors for nearly forty years and greatly improved during this time and now offers surprisingly spacious accommodation over two floors. The house has been extended substantially at ground floor level creating a large double bedroom with en suite shower room. In addition, the ground floor includes a spacious entrance porch, sitting room, dining room and kitchen. On the first floor are two double bedrooms and modern shower room. Stairs lead to a second floor attic space that has been converted into a useful study, although this does not comply with building regulations so cannot be used as a bedroom. Outside is a private drive that provides parking for two/three cars and space for a motor home (the current owners have one!) At the rear is a large enclosed garden that is private and enjoys the afternoon and evening sun. There is lots of sitting out space including an undercover area and a large workshop with light and power. An internal viewing is essential.

LOCATION

St Just In Roseland is most widely known for its historic church and churchyard set beside the beautiful tidal creek where subtropical plants grow alongside the native trees and flora. Here is also a popular cafe/tea room. The village has a bus route which goes via surrounding villages to Truro. The property is also close to St Mawes and this has an international reputation as one of the country's most sought after areas in which to reside with a distinctive Mediterranean atmosphere. The village of St Mawes provides a good selection of individual shops including a small supermarket, delicatessen, hotels, restaurants, inns, primary school and a very active sailing club. The whole of the Roseland Peninsula is designated as an area of outstanding natural beauty and offers superb scenery and walks, a number of beautiful beaches, coves and a general feeling of peace and tranquility. At St. Mawes there is a passenger ferry to the historic harbour town of Falmouth and the King Harry car ferry provides for an easy commute to Falmouth and the Cathedral city of Truro.
