THE PROPERTY

We are delighted to offer this wonderfully versatile family home, providing a flexible and welcoming layout that adapts effortlessly to the needs of modern family life, with each space lending itself to a different part of the day. The generous sitting room provides a cosy retreat for relaxing together, whether that's quiet evenings with a good book or family movie nights in front of the TV. The separate dining room creates a more sociable space for family meals and entertaining, while the study provides a dedicated area for working from home, homework or simply keeping household life organised. One of the real highlights is the versatile fifth bedroom/study with a separate shower room, making it particularly useful for visiting guests, an older child wanting a little independence or those looking for a comfortable home-working space with the added benefit of its own facilities. A bright conservatory provides another adaptable reception room, perfectly suited to enjoying the garden views, morning coffee or relaxed summer evenings with the doors open. At the heart of the home, the large family kitchen/breakfast room, provides plenty of space for everyday cooking, busy family mornings and gathering together at the end of the day. A useful utility room adds further practicality, keeping laundry and household essentials neatly tucked away. Upstairs, there are four further well-proportioned bedrooms, one of which benefits from its own en-suite, giving everyone their own comfortable space and allowing the accommodation to adapt as family life changes. These are served by a well-appointed family bathroom, completing a thoughtfully arranged first floor that offers both comfort and flexibility.

OUTSIDE

To the front, there is off-road parking for several vehicles, providing plenty of convenience for a busy household and visiting guests. The rear garden is a good-sized, well-maintained space, offering plenty of room for children to play, outdoor entertaining or simply relaxing in the fresh air. A useful workshop, (18'0" by 7'11") provides additional storage and a dedicated space for tools, hobbies or garden equipment, keeping everything neatly tucked away and helping the garden remain a welcoming space for the whole family.
