Agent's Note

This home has recently upgraded its legacy oil heating to a brand new 9KW Panasonic Air Source Heat Pump which controls the heating and hot water. With the addition of 9 high efficiency solar panels and 11.5kw of battery storage, significant cost savings on energy are an important feature of this home awaiting the new owners. A dedicated EV charger also serves the property. The installation, carried out in February 2026 comes with a transferable 2 year warranty.
